

SOFT CURTAINS CONTAINMENT

INTRODUCTION

Lux Rack offers the standard and custom made of soft curtains for hot and cold aisle containment that help to reduce the energy consumption by eliminating the mixing of hot and cold air in the data center.

SOFT CURTAINS CONTAINMENT

Lux Rack's soft curtains containment solutions are an economical energy saving solution in the data centers and server rooms. The curtains containment solutions are one of the most economical method to eliminate hot spots in the assigned area and prevent hot and cold mixing. The solutions are easily adapt to challenges such as limited ceiling height and limited headroom conditions.

Curtain doors, curtain drop down and curtain fill gap sections are the main components to construct the full soft curtains containment solutions.

FEATURES

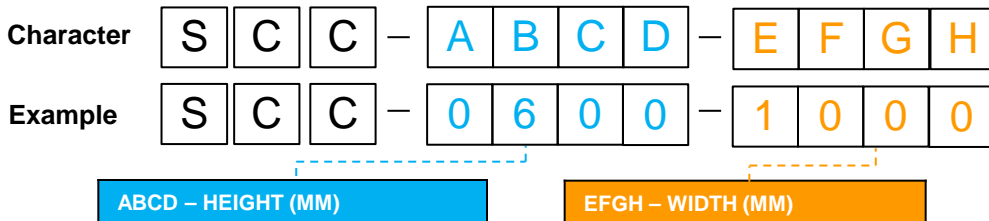

- Economical energy saving solution
- Eliminates hot spots
- Easy and fast deployment
- Clear transparency vinyl
- With mounting kits
