

CABLE MANAGEMENT BRAIDED CABLE SLEEVING

INTRODUCTION

The unique properties of PET (Polyethylene Terephthalate) braided sleeving enable quick and easy installation over irregularly shaped areas, including large connectors or bundle of cables.

The PET braided sleeving is perfect for cable management in all kinds of industries. For example, ELV & IT cabling, A/V, Data Center Automotive, Transportation, Telco industries.

This braided sleeving also works great at home and office, for PC cable and TV / AV cables management in your home or office.

FEATURES

- Quality Polyethylene (PET) construction gives sleeving a high tensile strength and makes it cut and abrasion resistant
- Easy to install, light weight, and flexible
- Professional finishing touch and protection to cable and wire management. Especially for IT networking bundle / loom cable, UTP and optic fiber cable
- Operating temperature -50°C to 125°C
- Fire rated UL94-V0
- Available size 3mm to 90mm
- Black color
- Custom made packing and length

Item	Part Number	Nominal Diameter (mm)	Expanded Range (mm)	Packing (meters / roll)
1	LRS8BEY	3	1 ~ 6	1000
2	LRS7BEY	6	3 ~ 9	500
3	LRS6BEY	8	5 ~ 16	350
4	LRS5BEY	10	7 ~ 19	350
5	LRS4BEK	12	8 ~ 24	300
6	LRS4BFK	15	10 ~ 27	250
7	LRS3BFK	20	14 ~ 30	200
8	LRS2BFK	25	18 ~ 35	200
9	LRS1BFK	30	20 ~ 50	150
10	LRS98BFK	40	30 ~ 60	100
11	LRS98AFH	45	35 ~ 75	100
12	LRS148BFM	50	40 ~ 80	100
13	LRS148AFM	64	45 ~ 105	100
14	LRS148WFM	76	64 ~ 120	100
15	LRS148HFA	90	78 ~ 145	100
